

Welcome to AGRICULTURE IN THE CLASSROOM.

We invite you to become part of a dynamic organization Agriculture in the Classroom – Manitoba.

Our mission is to provide unique opportunities for students and teachers to engage in and learn about the importance of agriculture in our everyday lives. Your support will go a long way to enhance our existing initiatives such as:

- Amazing Agriculture Adventure
- Ag and the City
- Amazing Rangeland Adventure
- Made in Manitoba Breakfast
- Agriculture Literacy Leaders
- MB Ag Days Adventure
- AITC-M's All-Star Award

Join our list of valued sponsors by choosing your level of support:

Cultivator - \$20,000+
Core - \$15,000+
Patron - \$10,000+
Builder - \$5,000+

Partner - \$1,000+
Contributor - \$250+
Supporter - \$150+

Program Details

Amazing Agriculture Adventure

Amazing Agriculture Adventure is a hands-on, interactive event geared to the Grades 4 and 5 Science curriculums. Students move through various activity stations learning about different facets of the agricultural industry. This program is run in Winnipeg, Brandon and Russell and is only possible because of the dedicated and knowledgeable volunteers that come out to share their passion for agriculture. If you would like to volunteer, contact us.

Ag and the City

Ag and the City is a series of professional development opportunities specifically designed to help teachers share agriculture with their students. Each session is custom designed to target one age group and subject. Teachers work with agriculture professionals and explore interactive activities that can be taken back to their classrooms to share with their students. Agriculture is alive and well in the City of Winnipeg.

Made in Manitoba Breakfast

Made in Manitoba Breakfast program travels across Manitoba feeding breakfast to students and connecting them to where that food comes from. Students enjoy a made in Manitoba breakfast cooked and served by actual agricultural producers from a variety of sectors. Before breakfast, students take part in an educational presentation where they explore the agricultural industry and discover where their food comes from. If we are coming to your community we can use your help.

Agriculture Literacy Leaders

Teachers that take part in two or more Agriculture in the Classroom Manitoba programs become Agriculture Literacy Leaders. These teachers receive a gift and enjoy special access to resources and events.

Amazing Rangeland Adventure

Amazing Rangeland Adventure is an interactive field trip designed specifically around the Grade 10 geography unit 'Food from the Land'. The event is held in Brandon, Manitoba at the Keystone Centre and offers 11 hands-on interactive and educational stations. We are always looking for volunteers to help present at stations and share a positive agriculture message with students.

AITC-M's All-Star Award

Each year Agriculture in the Classroom – Manitoba opens nominations for 'AITC-M's ALL-STAR' Award. This award is presented to a special teacher who goes above and beyond to bring agriculture to his or her students. This teacher is awarded many benefits including an all expenses paid trip to the U.S. Agriculture in the Classroom conference. Go to our website and nominate a special teacher today!

MB Ag Days Adventure

The MB Ag Days Adventure offers grade 7 and 8 students a unique opportunity to explore Manitoba Ag Days in a fun, fact filled adventure that gets them interacting with agriculture professionals along the way. In the morning students experience global agriculture in a way that helps them understand how important agriculture is to the world. This global knowledge is then brought down to a local level as they follow clues and answer questions all over the site of Manitoba Ag Days at the Keystone Centre in Brandon, If you have a booth at Ag Days or just want to get involved contact us!
