

# COME AND EXPLORE

## *The Chemistry of Agriculture*

- All high school science teachers welcome
- Content linked to chemistry curriculum
- Food Science and Bio-Diesel Science covered
- Take home resources
- FUN, INTERACTIVE
- Cost is just \$30.00

**Friday, February 25, 2011**  
**8:30 am to 4:00 pm**

**At the Faculty of Agricultural and Food Sciences  
and the Richardson Centre for Functional Foods**

This will be an interactive and engaging workshop involving hands-on lab work and take home resources to use in your high school science classrooms! Staff from the faculty and the Canadian International Grain Institute will bring two exciting sessions for this day long event:

**Fabulous Food Chemistry**  
**and**  
**The Fascinating World of Bio-Diesel**

All high school science teachers are eligible to attend! Space is limited so please register by phone or email by February 15, 2011. Detailed information/confirmation will be sent out upon registration!

**Parking and  
Lunch  
Provided!**
