

How to make your Fortune Teller

1. Brighten it up by colouring in the pictures and each of the triangles. Then cut along the outside **blue** dotted lines.
2. Start with your square piece of paper, picture facing down. Fold on both diagonal **green** dotted lines. Open the paper; the folds should form an X.
3. Fold all 4 corners toward the centre so the points meet in the middle.
4. Flip it over so the folded side faces down. Again, fold all 4 corners so the points meet in the middle. Your square will be smaller now.
5. Fold the square in half so the 4 main pictures are facing out, unfold, then fold it in half the other way. Now slide your fingers and thumbs under the squares and push the 4 corners into the centre. Move the fortune teller back and forth.

Now you're ready to play! With a partner, spell out one of the four categories and move your fingers back and forth. Get your partner to pick an inside category and spell it out. Pick a final category and open the flap to ask your partner the question!
